Business Accounts.-During yesterday Mr. Barbour was busily employed in disbursing the indebtedness of the Raymond & Ely mine for the month of November to the merchants to whom Were indebted, the amount was not ht being about \$45,000 and kept the terk of the Company busily employed for the time being. This settlement of the mercantile bills leaves all accounts of the company settled up except for the month of November and leaves them in the same position they were in previous

The shipments of bullion from the mine uld seem to indicate that, and we hope we are not mistaken in making a state-ment to that effect. We have no authority in saying this but the payments lead us to suppose that this will be a

With this hasty contrivance no little fun was vouchsaled to the owners of both horse and sled. It represented the ludicrous side of sleighing and coasting, and met with many accidents that were in keeping with its restentions. with its pretentions.

SALK .- The sale of a large number of cattle will take place at the Meadow Valley Wash on Friday at 12 o'clock. The place of sale is at Colburn's ranch, under execution issued out of the Jus-tice's Court at Bullionville, on * judg-ment in favor of P. Harrison. This sale has been postponed once before, but will now positively take place.

No GRAIN. -- No grain was furnished to the stages that left Pioche on Monday night. This was owing to the fault of the party from whom Mr. W. E. Griffin ordered it, the grain not being ready at the time the stage was ready to start. We learn that although the animals did not get their regular supply at the stations still enough was furnished to enable them to make a pretty fair trip.

PENCILS. - Wiederhold & Goodman have just received a large supply of the new crayon pencils, similar to copying ink, manufactured by the American Lead Pencil Company. These pencils are composed of lead, that by the application of water to the impression made on a sheet of paper another impression can be made on another sheet in a purple colored tab.

A THAW .- A heavy thaw took place yesterday about 2 o'clock, causing the aleighing to be very disagreeable, so that the enjoyment of it was not so intense and all parties were inclined to quit about that time, which they did

Owing to it freezing a little after dark last evening a number of sleigh sharps took advantage of it and were out, but not in sufficient force to make it lively; the majority of our citizens prefering the neighborhood of a comfortable stove.

To ABRIVE .- The Rev. Father Monteverde will be a passenger in to-day's stage from Hamilton, at which place he has been stopping.

LAUGHABLE INCIDENT .- Yesterday ernoon about 3 o'clock two dogs started fighting by the effects of being selted with snow in front of Cook & Reeds stable. In their struggles after Heeds stable. In their struggles after the fight commenced one of the boys, that are always in the habit of being in the way, was struck by one of the large dogs and tumbled over in the snow in front of the stable. The occurrence caused considerable merriment at the time but did the boy no damage except causing him considerable fright by the dogs falling over or upon him for a while and wetting him some with snow.

JUSTICE COURT.-The case of Geo. M. Sabin vs. F. W. Clute was called in the Justice Court yesterday afternoon at two o'clock. Col. Sabin appeared for himself and Mesars. A. B. and W. J. O'Dougherty appeared for F. W. Clute. By consent of plaintiff and the counsel on both sides the case was postponed until after the fholidays (Monday, January 33, 1876, at 12 o'clock), both parties comments to same a water for a trial of enting to issue a venire for a trial of the case.

COASTING. - The boys around town snow on Meadow Valley street and in dulged in coasting to their hearts content. The steep incline was very favor able for the purpose although it was rather dangerous for the pedestrains and those who had occasion to drive on that treet. As far as we learned no acci-lents occurred, and we hope the usual mount of Winter casualties will not have to be chronicled.

No Accidents. - None of the usual accidents incident to sleigh riding and coasting can be chronicled at present. Although we do not wish any ill-luck to our physicians still we would be better satisfied without accidents in that line to phronicle. Items are now scarce articles but we trust our readers will be just as well satisfied with general and telegraphic news in the RECORD - we hope out least. The streets are getting slippery, however and time alone will tell about broken limbs or accidents of that description.

MEADOW VALLEY WASH .- The cattle down in Meadow Valley Wash are not suffering from any want of grain owing to the ranchers there taking the precau-tion during fair weather and supplying themselves with that article, and not being in any need during stormy weather the cattle have mostly recovered from the epizootic in that section

SNOWBILLING. - The usual amount of nowballing during the light amount of sleighing indulged in on Wednesday last was not so prevalent. No windows were broken from the effects of it and the bad temper usually exhibited during a sleighing carnival was not exhibited to the public gaze, even if it was prevailing in the minds of those indulging in sleighing.

PACIFIC COAST.

EURERA, Nev. Dec. 29 -The following appears in the Sentinel this morning "There seems to be no longer a doub but that we have a vigilance committee fully organized in our midst. Of whom it is composed or how far the work will be carried is of course shrouded in impenetrable mystery. There were some doubts about the genuineness of the otices first posted until yesterday morn ing, when a number of parties received took advantage of the large amount of tickets of leave. We heard during the day and last night of five persons who had been thus served and there were rumors that several others either had or would be notified to depart. In most cases those warned are of the class de nominated in common parlance 'stiffs,' though it is quite positive that at least one of those ordered to leave is a pretty fair man. At all events his friends clain that he is not a bad character. Through charity and the hope that those who have gone may do better for themselves else where than they have here we withhold all names. It is asserted that four persons who received notices stood not upon the order of going but went at once. A mejority of them, all in fact, but one, was allowed but 24 hours in which to arrange their affairs here prior to departing for pastures new. The single exception, a man who is in business, a saloon keeper, was given three days. Four other promptly packed their worldly effects an as promptly left for the railroad. The general impression about town last night was to the effect that other notices were likely to be served and there was in consequence great consternation among persons who had no visible means of support. It is a high-handed piece of business, but it must be admitted that the town is quite as well off from being rid of most of the characters who have so suddenly disappeared. We are informed by gentlemen who claim to have seen all of the notices served yesterday that the handwriting was identical in each instance, leaving the inference that the committee has a were traveling up and down Main street secretary who does all of the business. yesterday, the bells sounding in a very The whole affair has been kept very quiet yet.
